STROOPER BIO BRUNCH

Bread

The Harderwijcker Hoeck, a triangle shaped bread is made by Carl Siegert, an old bakers and millers family since 1891. Carl Siegert is purveyor to her Majesty the Queen.

The French bread, the ovenbread and the raisins-cinnamon bread are made for us by three selected bakers.

Coffee and Tea

We serve coffee and tea from Simon Lévelt, coffee-roasters and tea merchants since 1817. We are proud that many of our guests from Harderwijk claim we serve the best coffee in town.

Tasting

During our coffee tasting a professional coffee roaster informs you about the coffee production, the growing and processing of coffee beans and the preparation of coffee. Different types of coffee and preparation methods are discussed and of course we will taste coffee together.

Gift certificate

Our € 15 gift certificate is an original, sustainable and delicious present. In exchange we serve a complete lunch including hot/cold food, beverages and fruit. You are certain that the certificate recipient will not have to pay additional charges. The gift value is not printed on the certificate itself.

Catering and parties

We organise business lunches, breakfast- and lunchbuffets in our lunchroom as well as at your location.

You can also rent the lunchroom for private parties, such as a birthday party or a reception.

STROOPER BIO BRUNCH

Organic ingredients

Our food, coffee, tea, ice cream and smoothies have a rich and pure flavor because they consist of 100% pure organic ingredients.

What is organic?

Organic ingredients are grown without artificial manure and chemical insecticides. They do not contain chemical or synthetic seasoning, flavors, coloring agents and preservatives.

Preservation of nature, landscape, environment and animal wellbeing are part of the organic agricultural standards.

Core values

Quality and hygiene are the two core values of our company.

Questions

If you have questions, suggestions or complaints, you can approach one of our employees or the manager. Your feedback enables us to further improve our services.
